1. BACKGROUND

Telephones and fax machines are critical to effective and efficient service delivery. However, these resources are easily misused and it is necessary to take steps to ensure that they are used in a cost-effective and accountable manner.

2. LEGAL FRAMEWORK

The applicable legal framework includes the following:

The Code of Conduct for Staff Members regulates against the misuse of municipal property and assets by councillors and municipal employees.

In terms of the Code of Conduct, councillors and employees are required to perform their functions in good faith, honestly and in a transparent manner and in such a way that the credibility and integrity of the municipality are not compromised.

Section 4 (2) (a) of the Municipal Systems Act 32 of 2000 places upon council the duty to use the resources of the municipality in the best interests of the local community.

3. OBJECTIVES

The objective of this Telephone Policy is to regulate the use of the Municipality's telephones and fax machines.

4. APPLICATION

This Policy applies to **all** employees and councillors of the Municipality.

This Policy does not apply to cell phones and cell phone allowances. See the Cell Phone & 3G Card Policy in this regard.

The telephone printouts must be distributed to all Heads of Departments, who will then require each employee to indicate which calls were private and which calls were businesses. The completed telephone printouts must be returned to the Heads of Departments.

The Heads of Departments shall, on or before the 21st day of every month, forward the telephone printouts of every telephone extension to the Salaries department in order for the salaries department to deduct the costs of any private telephone calls in excess of the allowed telephone calls from the salary of the employee concerned.
